Candidate for Delegate to Congress

Roads! Good Roads! Has Hawaii a Greater Need?

From a military standpoint, from a pioneering and homesteading standpoint, from a commercial and tourist standpoint -roads are of the utmost importance to this Territory. And the National Government could and should furnish tangible assistance towards the building of a number of these roads.

It would be one of my first duties as Delegate to Congress, to see that the requirements of Hawaii in this respect were adequately presented, and I would use every power and opportunity that my office afforded to make the proper authorities at Washington grant Hawaii what she so badly needs.

Vote for me, and you will be voting for a man who will strive earnestly and continuously for the Good Roads and other improvements you need.
